These most famous Wheatley aluminium fly boxes are available in either black or silver finishes. Each compartment has its own spring loaded window, a safe and reliable method to store your flies. The lids in the range are available with either flat foam or a series of clips. The top of the range model 1609 has compartments in both the lid and base.

Flat Foam Range

Aluminium fly boxes that are available in either black or silver finishes. All three sizes have the special non-absorbent foam that ensures hooks do not rust. You can store all sizes of flies in this range of boxes without crushing delicate hackles and dressings. Replacement foam pads are available in either complete sheets or packs of 10 ready cut to fit boxes.
